Kristy Tripp the 2003 Coach.

B.M.C Durfee High School

On September 9, 2000 we entered the Nagle Auditorium as timid and naive freshmen. We were welcomed by Mr. Albert Attar, principal of B.M.C. Durfee High School, who told us all a little bit about what the next four years of our lives would entail. Our teachers escorted us to our homerooms, where we filled out the first of many blue emergency cards. After a few weeks, we became accustomed to the crowded hallways, lunchrooms, and randomly numbered rooms, realizing that there truly was no fifth floor.

On October 6, 2000, students suffered the tragic loss of Adrienne Thompson, a junior at Durfee, who was killed in a car accident on her way to school. She will be missed and remain in our hearts forever.

Fall Sports came and the Girls' Soccer Team captured the title of Big 3 Champions. The Girls Volleyball Team completed an impressive season

making it to the Quarter Finals of the Division 1 South Sectional Tournament. The week of Thanksgiving arrived, and we all participated in Spirit Week. On November 23, 2000, the Durfee Football Team made it into the history books beating New Bedford for the first time in 17 years with a shut-out score of 24-0, sending them to the Super Bowl.

On November 24, 2000 many of us attended our fist Homecoming Ball, still full of excitement from the previous day's victory. Only seven short days later, the community, once again, gathered together for a pep-rally to motivate our team. The next day, our mighty Toppers were unsuccessful on Nickerson Field at Boston College. The Boston College High School Football program proved to be too much for our boys to handle; however, the 2000 Football Team of Durfee High School

will forever be remembered as the team who beat New Bedford after almost two decades of losses.

Welcome to the Home

Before we knew it, we were electing our first class officers and were forced to face the infamous Durfee Finals.

Class History 2004

On February 11, 2001, the Durfee Community suffered yet another tragic loss. Pedro Creador, an inspirational artist and musician, lost his life in a car accident. He will be sorely missed, and his memory will live on. The second half of the year

flew by and our Freshmen Year was over before we knew

it.

The fall of 2001 came; those of us involved in fall sports came back for double sessions and try-outs. However, things looked drastically different on the gridiron. For the first time in Durfee Football History, a female suited up in pads and a helmet competing for a

spot on the team. This female was none other than Megan Cadavid, who happens to be our class president.

On September 5, 2001, we walked through the doors of Durfee High School, which was under new administration and no longer had homerooms. After serving many years, our beloved principal, Mr. Albert Attar, retired and Mr. Fernand P. Letendre replaced him. Ms. Ventura served as vice-principal of the Blue House; Ms. Cambra, the White House; Mr. Phenix, the Green House; and Mr. Sousa, the Gold House. One of Mr. Letendre's first acts as principal was the issuing of a new policy concerning tardiness. Students were forced to check in at their respective office, and they could only use assigned stairwells and corridors to get there.

On September 11, 2001, tragedy swept the nation; a group of terrorists hijacked four planes. Two of those planes were flown directly into the Twin Towers of the World Trade Center in New York City. The third plane crashed into the Pentagon, and the final plane crashed in a field in Pennsylvania. These events are what initiated America's War on Terrorism.

Athletic teams at Durfee in the 2001-2002 school year were once again successful. The Boys' and Girls' Basketball Teams both made it to the State Tournaments. The Hockey Team finished with a record of 13-4-3, which was good enough to get them into the State Tournament as well. The Boys' Volleyball and Baseball Teams also made it to the State Tournament. The Girls' Softball program shined yet again, making it to the South Sectional Finals.

Athletics wasn't the only program bringing recognition to Durfee. The Varsity Cheering Squad made it to the regional cheerleading competition. The Durfee Theatre Company won the State Finals with their rendition of The Kentucky Cycle, Part 1, and the music department brought home many awards.

On September 6, 2002, we walked through the doors as upperclassmen. We had begun, what many people consider, the most important academic year of our lives. There were, once again, many administration changes. Superintendent Neely and Ms. Ventura both retired after years of devoted service. Mr. Richard Pavao took the job of superintendent and Ms. Cambra took charge of the Blue House. Mr. Coogan came from Talbot Middle School and became the new vice-principal of the White House. Administration was not the only thing that looked new at Durfee; all the lockers and doors were freshly painted red and black; also, new carpet and checkerboard patterned tiles replaced the old floors.

On September 11, 2002, the entire Durfee Community, along with the students from Tansey Elementary School, gathered on Mac Aldrich Field dressed in our

country's colors to commemorate the countless lives lost the previous year. It was a balmy and foggy day, and the sonorous sounds of a lone bagpipe permeated through the air.

Athletics once again shined brightly at Durfee. The Girls' and Boys' Soccer teams both finished with winning records. The Cross Country team finished 25th in the state and the Baseball Team once again made it to the State Finals.

As the end our Junior Year approached, many of us took the dreaded SATs and ACTs for the first of many times. As June drew closer, not only ideas of Senior Year began to emanate in our minds, but also ideas of colleges, majors, scholarships, and summer vacation.

On June 3, 2004, many of us gathered at the Venus deMilo Restaurant for our Junior Prom. The room was festooned with hundreds of balloons and stars of magenta, black, and silver. Pillars that read "Prom 2003" stood at the entrance. It was a dazzling night and will be remembered by all those who attended.

Summer seemed to fly by, and we were back in school. However, this time we were seniors and would "rule the school" for the next nine months. Many of us continued our quest to conquer the SAT's and receive a score that was suitable for

the schools we hoped to attend the following year.

Athletics shined bright, as usual. Boys' Soccer made it to the fourth round of the state tournament, and the Girls' Soccer team made it to the second round of the tournament. The Boys' Cross Country team finished with an impressive 7-4 record, while the girls' finished 6-5. The Field Hockey team went to the tournament for the first time in several years with a remarkable 7-7-4 record. The Boys' and Girls' Basketball teams finished with records good enough to put them in the tournament.

The annual Homecoming Ball took place, where Kevin Berney and Sasha Watson were named King and Queen. The theme for the elegant evening was "Aztec Fire."

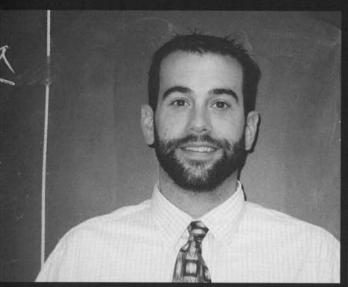

In January administration changed one last time. Our dear Mr. Letendre stepped down as principal. Mr. Hassan came in and did a wonderful job with the rest of the year.

By April, most of us who planned on furthering our education received those big envelopes containing our acceptance letters, or the small ones with the inevitable rejection. April vacation came and went, some of us went on school trips, and others stayed home to work or enjoy their free time. The time came again to go back to school, but this time, we only had just over a month to go.

On June 4, 2004, we attended the last formal event of our high school careers, Senior Prom at White's of Westport. It was a beautiful evening that we will remember forever. Following the prom, most went to the "After Prom Party" put on by the Parents Advisory Council and took place in the gym.

The following Friday, June 11, 2004, we gathered together for the last time as the class of 2004. We congregated in the cafeteria dressed in our red and black cap and gowns ready to graduate. We said goodbye to the friends who we would never see again, and to the ones we would. We remembered all the fun times and memories that would never be forgotten. As we walked across the stage and heard our names as they were read over the sound system, we realized that our lives would never be the same. We were off to explore the world and succeed as we all knew we would.

"Don't ever be afraid to show you feelings when you are happy, give in to it. when you're not, live with it.

Don't ever be afraid to try to make things better, you might be surprised at the results.

Don't ever take the weight of the world on your shoulders. Don't ever feel threatened by the future, take it one day at a time.

Don't ever feel guilty about the past, what's done is done. Learn from mistakes you have made.

Don't ever feel that you are alone, there is always somebody there for you to reach out to.

Don't ever forget that you can achieve so many of the things you can imagine. It's not as hard as it seems.

Don't ever stop loving, don't ever stop believing.

DON'T EVER STOP DREAMING YOUR DREAMS! (Author unknown)

This very special poem is shared with a very special class. Congratulaions and sincerest best wishes in all your endeavors to the Class of 2004.

Karen Ragland, Assistant Principal

My heartfelt congratulations and best wishes to each member of the Class of 2004. Your graduation is the culmination of four years of hard work. The academic achievements and social growth experienced at Durfee will form a strong foundation for the challenges and opportunities that lie ahead. May your future be filled with much happiness, love and laughter. You have helped to make my transition back to New England very easy. Thanks for being such a terrific class. Every day has been fun!

Beverly J. Cambra

The Blue House is extremly proud of our students and the entire senior class!

Your high school years have been filled with experiences and opportunities that have allowed you to develope into outstanding young students.

Id like to share this passage with you:

"A tree, if ever found a voice
could tell us somethings about life
Be patient---Reaching your potential takes time
Bow to storms---they pass quickly
Appreciate the reasons---for even as they change,
they create a rich and complete life"

May your journey through life be successful and may your dreams to your only boundaries.

Paul Coogan

Congratulations to each member of the Class of 2004. Great job! It is the hope of everyone at Durfee that throughout your life you will continue to learn and grow, not only in terms of your own accomplishments, but in your ability to help others. My wish is that all of you have a happy and successful future. Good luck!

Normand P. Phenix

On behalf of the Green House, please allow me to congratulate you on your success and the honor and distinction you've brought to yourselves, your families, and B.M.C. Durfee High School. Employ your talent to the fullest, challenge the status quo, commit yourselves to doing what is right, and strive to help the less fortunate. Then, surely, you will be successful in whatever path you choose on life's journey. Good Luck and enjoy the trip.

Robert P. Sousa

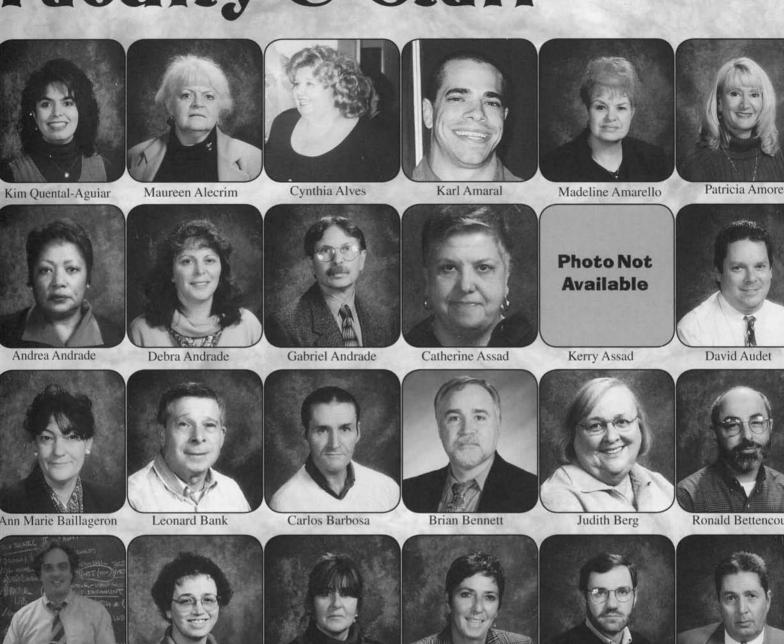

Congratulations to all in the Class of 2004. You have certainly distinguished yourselves with your accomplisments during the last four years. Your families and the entire B.M.C Durfee H.S. community are extremely proud of each one of you.

As you graduate from high school, it is my hope that you will continue the learning process regardless of which career path you may choose to follow. Remember, learning is a lifelong experience. Use what you have learned here at Durfee to better yourself, to help others, to give something back to your community, and in some small way to improve the world in which you live.

I wish each of you good health, happiness, success, and all the good things life has to offen

2004 Dedication

Mr. Donald Massoud

Over the course of our four years at Durfee High School the Glass of 2004 has been blessed with an amazing faculty One of the most influential, intelligent, and kind hearted staff members unfortunately refired at the close of our Junior year This is none other than Donald Massoud. Mr. Massoud, the former Guidance Gounselor In Gharge helped students find their personal path to success with ease. His willingness to help everyone kept his office overflowing with students at all times. He was the first to congratulate a student when he or she struck success, but more importantly he was the everlasting shoulder a student could lean on when times were tough. Not only was Mr. Massoud a guidance counselor he was a friend. His words of wisdom will never be forgotten. and the memories we share will stay close in our hearts

2004 Editor's Page

Over the past four years of our lives we have grown, matured, and faced many arduous tasks. The past four years of high school flew before our eyes and each day we attended school we learned a new lesson of responsibility. The days were not always welcoming, but through the bad days we learned how to get over things. The 2004 Record Book is a symbol of the class of 2004, it shows friendships, athletics, summertime, leadership, and most importantly, it holds the memories that we have shared together in the past four years of our lives.

In my experience as the 2004 Record Book Editor I have learned a good sense of responsibility. Through the stressful days, computer freezing, and days of deadlines, I sit back and realize that my partner and I are responsible for putting together a Record Book for

everyone to enjoy.

The 2004 Record Book could not have been accomplished without the help of a few people, my other half Beth, Thank you for putting up with my bad moods, and demanding attitude. Not only are you my co-editor but you're one of my best friends, we kept a strong relationship through all the hard times. You're the best! Mom, Dad, Kristen and Harry, thanks for everything, you all are the reason I could accomplish this task. Mrs. Kaminski, Beth and I owe you, the credit you deserve, words cannot describe, thank you for being an understand-

ing adviser and always lending your help.

Kyle, Matt, Nikki, Mary, Jordan, Leon, Lauren, Katie and Jessie thank you for all your help cropping pictures, typing or just helping me get through the days in the crazy yearbook room. Caitlin, my twin, you always deal with me, thank you for always being there and listening to me complain, It's all you next year; I'll always be here. Adam, Thank you for putting up with my moods. We have memories together that will last a lifetime, you will always be my # 1 linebacker, I will always be your Angie! Everything happens for a reason. You're the reason my senior year was the best! Finally to Chestnut Hill Studios for doing an incredible job of senior pictures, club pictures and athletic activities. The 2004 Record Book could not have been finished without the help of Nonval Garnett, the lessons you taught me were great, your positive attitude through the stressful days always kept Beth and I working hard. Thank you very much!

To the class of 2004, the past four years of our lives have had both good times and bad, through all the disagreements among different groups, and fights between friends, none of that matters now; all that is important is the wonderful times we have shared together at

Durfee High School. Congratulations and Good Luck!

Angela R. Sbardella 2004 Record Book Editor

2004 Record Book

Over the past year I have had the opportunity to help create a book of memories that the class of 2004 will hopefully cherish for a lifetime. Although it has been a difficult journey, completing this Record Book was one of the most rewarding endevours of my life. I have learned the true meaning of responsibility and the dedication required to be successful.

I have spent countless hours trying to capture all the memories of our four years here at Durfee. At times I struggled with crucial deadlines, computer failures, and miscommunications, but in the end, I was able to finish the task at hand.

Without the assistance of a few people, this year book would not be possible. First to my partner in crime, Angela, we are quiet the team! Times were tough, but we made it together. Not only my co-editor, you're also my best friend. Thanks for everything in and outside of the year book room.

Mrs. Kaminski, thank you for all your guidance and support when things got hectic. The les-

sons you have taught me will stay with me forever.

To the rest of the staff: Mary, Kyle, Matt, Nikki, Katie, and Jessie thanks for all your help. From typing, to cropping, and keeping me smiling when I was stressed, you guys were great. To the Hilltop Editors, thanks for always lending the extra hand whenever it was needed. Cait, thank you so much for keeping me and Angela sane. You should have been one of us, but it's all you next year! I'll never leave you. Ace, you are my other half. It seems as if the past four years have just flown by. I wouldn't want so have spent this time with anyone but you. Thanks to Chestnut Hill Studios for a wonderful job on the senior portraits and sport and club photos. Finally, I would like to thank Norval Garnett, you helped us to create another terrific record book.

To the Class of 2004, I congratulate you for all your accomplishments. We made it through all the hard times and finally our work is paying off. I wish you nothing but the best of luck in all that the future may hold for you. I hope you enjoy your year book.
